

TEXAS INTEGRATED VICTIM SERVICES SYSTEM (IVSS) COUNTIES

The IVSS & IVSS-Counties systems provide victims, survivors, and concerned citizens with timely and reliable information about offenders and criminal justice events. The purpose is to support victim notification, case information access, and service referrals through a centralized, automated platform, helping ensure victims are informed.

- Single Offender Record, Single Registration**
Register once and receive notifications regardless of offenses, counties, or agencies involved.
- Victim-Controlled Notifications**
Choose notification type (text, email, phone), set blackout dates, after-hours options, and alert frequency.
- Victim Account Management**
Add, edit, or remove registrations; update contact info; view historical alerts; pause notifications for an offense or offender.
- Proxy Registration for Advocates**
Victim advocates can register on behalf of victims.
- Unique Portal Access**
Dedicated portals for advocates and law enforcement for quick, secure access.

HOW IT WORKS

- 1 Register online**, by phone, or through an advocate.
- 2 Set preferences** decide how and when alerts are sent.
- 3 Stay informed** receive verified updates from official offender data sources.
