Regional Solid Waste Grants Program
Funding Report for Fiscal Years 2016/2017

IMPACTS & RESULTS IN YOUR REGION
Regional Solid Waste Grants Program...

33 percent of the revenue is dedicated to local and regional solid waste projects consistent with regional plans approved by the commission in accordance with this chapter and to update and maintain those plans. Those revenues shall be allocated to municipal solid waste geographic planning regions for use by local governments and regional planning commissions according to a formula established by the commission that takes into account population, area, solid waste fee generation, and public health needs. Each planning region shall issue a biennial report to the legislature detailing how the revenue is spent.

...TEXAS SOLID WASTE DISPOSAL ACT
CHAPTER 361
How It Works

Trash
Garbage is picked up from homes and businesses, loaded into trucks and delivered to landfills.

Landfill
Trucks assessed a "tipping fee" for trash they deliver to the landfill. 33% of the amount collected is deposited into a state dedicated account for the Regional Solid Waste Grants Program.

Legislature
The Legislature appropriates funds from the dedicated account for the regional grants.

Regional Planning & Coordination

Protecting health & safety

COGs help local governments better deliver services to their constituents by providing technical assistance to local governments in the implementation and evaluation of solid waste management programs; education and outreach activities, programs, and printed materials that provide a unified message but can also be customized for local governments; and regional training such as environmental enforcement for peace officers and disaster debris management for emergency managers.
WHY USE COGS TO OVERSEE GRANTS

LOCAL FAMILIARITY
Grant proposals are evaluated by public and private experts from each region who are familiar with the region's needs and issues.

ACCOUNTABILITY
COGs administered a wide range of grants, from $324 to $370,032 in Fiscal Years 2016/2017, with legislatively set-forth methods of accountability.

PARTNERSHIP
COGs work with governments to develop and update Regional Solid Waste Management Plans.

EFFICIENCY
COGs know what activities are under way in their areas, thus decreasing the chance for duplication of efforts.
FY 2016-2017
By the Numbers

238
Total Projects
ILLEGAL DUMPING
Grant-funded programs kept Texas clean by investigating 5,421 illegal dumping sites and enforcing solid waste laws. Partners collected nearly $308,000 in fines.

RECYCLABLES
Recyclables collected by grant-funded programs create jobs.

Regional Solid Waste grantees diverted 91 million pounds of recyclables, equivalent to 9,261 recycling truck loads.

**ELECTRONICS**

*Used electronics* are collected at grant-funded permanent facilities and single-day events.

4.8 million pounds of used electronics were collected using grant funding.

---

**HOUSEHOLD HAZARDOUS WASTE**

More than 24,500 Texans dropped off an average of 53 pounds of household hazardous waste, including paint, at permanent facilities and 48 one-time events.

Partners collected enough left-over paint to trace a line around the State of Texas more than 26 times.

Seguin Curbside Pickup

The City of Seguin organizes curbside household hazardous waste pickups for residents. These events are costly & many communities would be unable to hold them without the resources provided by the Regional Solid Waste Grants Program.
CAPCOG & AISD Partner on Zero Waste Program

12,900

Since inception of the Zero Waste Program, AISD has diverted more than 12,900 tons of waste from landfills through recycling and composting.
East Texas Council of Governments

33 Projects

22 Local Governments
More than 245,000 pounds of tires were removed from an illegal commercial dumping site in Chambers County. The tires were recycled and will be used for playgrounds and football fields.
About 20 governments and agencies, including FEMA, used the Separating Your Debris flyer to instruct their residents about placing their storm debris at the curb for pickup.
North Central Texas Council of Governments

In just 2 collection events, organized using funds from the Regional Solid Waste Grants Program, the City of Cedar Hill collected more than 20,000 pounds of household hazardous waste.
South Plains Association of Governments

Thanks to the Regional Solid Waste Grants Program and continued recycling efforts from the City of Meadow and Meadow ISD, more than 55,000 pounds of recyclable materials and debris have been collected and diverted from the landfill.
