What is the Opioid Abatement Trust Fund?

- Held at the Texas Treasury Safekeeping Trust Company (TTSTC), which is outside of the state treasury
- Trust Fund's assets may be invested with state's financial resources
- Revenue Sources include:
 - money obtained under statewide opioid settlement agreement;
 - Interest and dividends as a result of investing; and
 - other income of the fund
- TTSTC will also disburse the funds from the Trust Fund in accordance with statute

What is the Council's role in relation to the Trust Fund?

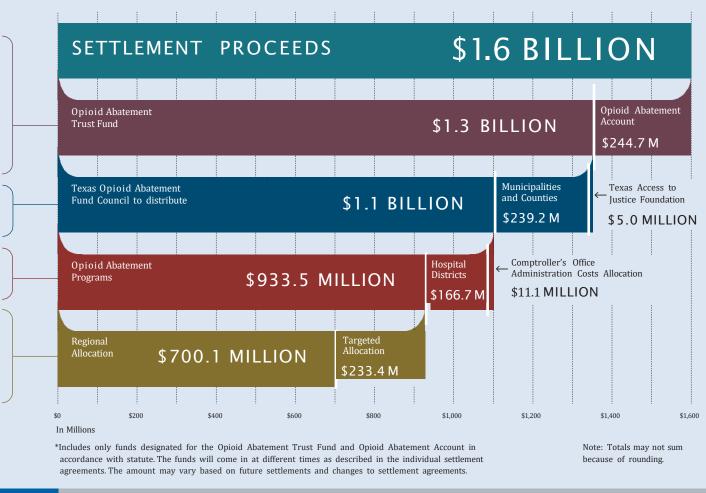

- "[E]nsure that money recovered by this state through a statewide opioid settlement agreement is allocated fairly and spent to remediate the opioid crisis in this state by using efficient and cost-effective methods that are directed to regions of this state experiencing opioid-related harms" Tex. Gov't Code § 403.503(a)
- Select the funding priorities, which includes one or more evidence-based opioid abatement strategies, under Tex. Gov't Code § 403.509
 - Grants will need to follow regional and targeted allocation approaches
 - Trust Fund is the source for the grants
- Develop an application and award process for funding under Tex. Gov't Code § 403.509

STATEWIDE OPIOID SETTLEMENTINITIATIVE

Texas currently expects to receive an estimated \$1.6 billion* over 18 years from settlement agreements with, and court judgments against, companies related to their role in the opioid crisis.

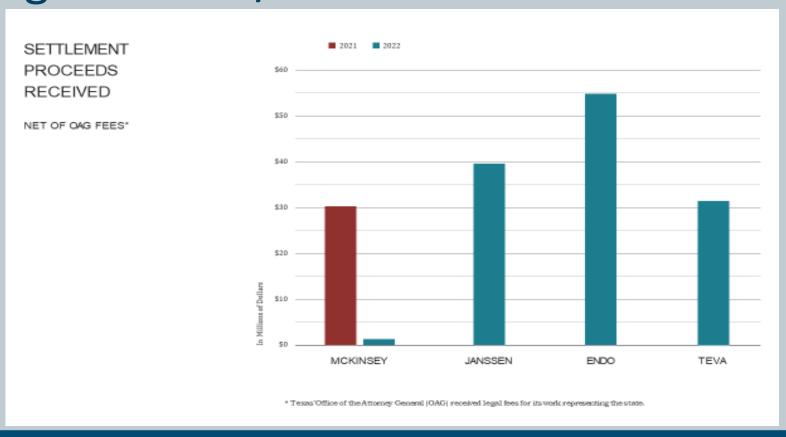

The Texas Opioid Abatement Fund Council, administered by the Texas Comptroller of Public Accounts, was created by the 87th Legislature to ensure the money is fairly distributed using efficient, cost-effective methods.

- •Part of the money goes to the Opioid Abatement Account, a General Revenue-dedicated account that will fund programs by legislative appropriation.
- •Most of the money goes to the Opioid Abatement Trust Fund held by the Texas Treasury Safekeeping Trust Company. Of this money:
 - Portions are directly allocated to the Texas Access to Justice Foundation and to municipalities and counties.
 - Part is provided for hospital districts, while a small percentage is allowed for administration.
 - The remainder is distributed by the council, with 75% divided among the Texas Health and Human Services regional healthcare partnership areas and 25% to select programs.
